

Always me

Verse 1 :

You never try to understand
What the message can be

Needing a lot... a lot of attention
No one is here to see

Chorus :

Someone's gonna pay
Yeah it's always me

Verse 2 :

Since I met you
My life is a Dead End
Oh babe can't you see

I feel like
we're better off as friends
No more suffering

Chorus :

Someone's gonna pay
Yeah it's always me

Bridge :

I wanna be at peace again
It's hard to bear, it's hard to bear...

I 'm dealing with this everyday
I know... sometimes love is pain

Don't wanna be your punching bag
I'm not your slave, i'm not slave...

Why can't you see ? All this shit is...

Destroying me...
Destroying me...
Destroying... me...

Chorus :

Someone's gonna pay
Yeah it's always me
