

Shout

Right now, I think I am going to explode!
I don't believe in myself
I can't believe in anyone.

Sometimes, It feels like I'm gonna drown
Oh I'm so sick of this. I'm so down !

Chorus :

It makes me want to shout
Oh can't you hear me shout
It makes me want to shout
Oh can't you hear me shout
It makes me wanna...

I'm in this house under lock and key for months now
I'm still living in pain
And you kick me while I'm down.

Sometimes, It feels like i'm gonna drown
Oh I'm so sick of this. I'm so down !

Chorus :

It makes me want to shout
Oh can't you hear me shout
It makes me want to shout
Oh can't you hear me shout
It makes me wanna...

Solo

Sometimes, It feels like i'm gonna drown
Oh I'm so sick of this. I'm so down !

Chorus :

It makes me want to shout
Oh can't you hear me shout
It makes me want to shout
Oh can't you hear me shout
It makes me wanna... (x4)
