

## Political shits

I try to understand...  
How these political shits make the world go round  
Mediocracy is at its best...  
Welcome my friend to the worst planet ever

You do not care / They don't care (x3)  
You do not care / No they don't

Hypocrisy is all around...  
They blame their own people & let their country down  
Save my time, go fuck yourself !  
Sorry i'm not deaf, I'm just ignoring you !

You do not care / They don't care (x3)  
You do not care / No They don't

## Solo

You do not care / They don't care (x3)  
You do not care / No They don't

You do not care / They don't care (x3)  
You do not care / No They don't
