

N.O.V.A

Since you were born
You filled my heart
with joy & lovely dreams

When you're away
I miss you so bad
I'll never be the same

And I know
No matter what you choose to do
You should know
I will always be proud of you

When you're away
I miss you so bad
I'll never be the same

Since you were born
You filled my heart
with joy & lovely dreams

And I know
No matter what you choose to do
You should know
I will always be proud of you

And I know
No matter what you choose to be
You should know

You'll always be my "p'tit Youyou"
