

Strange day

I'm in a jail
I gotta break my chains
I'm in the mess
You got me for now

I wanna yell
Strange day, strange day
Strange day, strange day
Strange day, strange day
This is a strange day, strange day

I keep falling down
(I'm) Like a king without a crown
Stuck in the sand
Come on ! Dig me out... now...

I wanna yell
Strange day, strange day
Strange day, strange day
Strange day, strange day
This is a strange day, strange day

Solo

Strange day, strange day
Strange day, strange day
Strange day, strange day
This is a strange day, strange day
